~~Director's Meeting~~

Thursday, 8 November 1951

HR70-14

Mr. Dulles referred to the item in the Log about CAT and asked whether Col. Stilwell should handle this alone. Mr. Wolf feels that he certainly should not. Col. Taylor will get hold of Col. Stilwell and set up a meeting with Mr. Dulles, Mr. Houston and Mr. Wolf.

Col. Taylor reported that he did not like the new   divisional set up. He will wait for Mr. Wisner's return and then present both sides of the case to Mr. Dulles.

Mr. Dulles stated that from now on we would receive from the FBI the agenda for all IIC meetings. If we are interested, we can attend. The agenda will presumably go to Kirkpatrick and Mr. Wolf asks that he coordinate this with Shef Edwards.
